Feedback from previous marriage courses

The course was very good because I came with my husband and I feel that it is the first time someone directly gave advice on our marriage. I liked the tips on ideal wife, husband and home. From now on I will be more understanding toward my husband and support him more and avoid the things he doesn't like me doing.

Kauthar Tai, was very good as usual; from what we learnt on the courses we have done from before.
